

Avidbots™ Home Base

Just press go!

With Neo and Avidbots Home Base you can start Neo where it's convenient for you.

The days of having to walk or ride your floor scrubber from the storage closet to the area needing to be cleaned are behind us!

With the launch of **Avidbots Home Base**, Neo powered by the Avidbots AI Platform, takes on even more of the floor cleaning operation autonomously!

Before: Staff manually walks or rides the floor scrubber to and from the storage location to the cleaning area start position.

Just press go!

After: Neo drives itself to and from the cleaning area autonomously.

How It Works

From a single, convenient, start location* your team presses “go” and Neo goes, fully autonomously, moving to the designated cleaning area. On arrival, Neo will start cleaning all by itself! Once done cleaning Neo will return back to the start location. Neo handles the commute to and from the cleaning location, autonomously, on its own!

This means your team saves even more time that can be reallocated to core business activities!

Have an existing Neo already at your facility? Neo[†] can be updated with Home Base by an Avidbots Technician on your next service call.

To learn more about Home Base or have it added to your Neo please contact your local Avidbots representative or sales@avidbots.com.

Note: Home Base implementation is subject to review and approval by Avidbots.

*Start location subject to review by Avidbots.

†Limited to Neo 1.7 and 2.0.

Avidbots™

Why Avidbots?

Buying an Avidbots Neo isn't just buying a floor scrubber. It's investing in a technological future that can redefine your cleaning function, making it more productive, more cost effective and easier to run. More importantly, our robotics and AI technology open up new opportunities to make your business even more successful. We realize this isn't just about buying a product, or a technology, or even a business proposition. You want to buy into a trusted partner who can take you into the future of automated operations using cutting edge robotics. At Avidbots, we work side-by-side with our customers to earn that trust and realize all the benefits that robotics can bring them.

About Us

Avidbots is a robotics company with a vision to bring robotic solutions into everyday life to increase organizational productivity and to do that better than any other company in the world. Our groundbreaking product, the Neo autonomous floor scrubbing robot, is deployed around the world and trusted by leading facilities and building service companies. Headquartered in Kitchener, ON, Canada, Avidbots is offering comprehensive service and support to customers on 5 continents.
